Dear President Yu:

The Municipality of Itogon desires to broaden and enhance its potentials in socio-cultural and tourism development. Towards that aim, one of the strategies formulated is to establish sisterhood ties with municipalities of other countries. Our municipality identified Norway as one of the possible countries where we could establish sisterhood ties.

Considering that SNAPB is a partnership between two corporate entities belonging to Norway and the Philippines, we strongly believe that SNAPB could help us identify a municipality or any equivalent administrative unit in Norway upon which we could establish a sisterhood tie. We further believe that a sisterhood tie with such municipality could foster economic, socio-cultural and exchanging resources, ideas and experiences based on mutual trust and understanding.

Our municipality certainly appreciates your assistance in the identification of a municipality in Norway and in the facilitation of the establishment of a sisterhood tie.

More power and we look forward to your favorable action on this matter.

Very truly yours,

  
**Atty. VICTORIO T. PALANGDAN**
